BUCK

It's here. But it's dead. How  
can I get some power to it?

Buck gets up, starts trying to pry a shield away from some  
wires.

CUT TO

INT. WILMA'S SHIP

Intercut with interior Pilot Al's Ship.

PILOT AL

Colonel, let's all zero in on that  
Draconian D-III lead ship and blast  
it out of the universe.

WILMA

I'm getting no power reading from  
it.

PILOT BOB

They're playing possum.

WILMA

Could be.

PILOT DYLAN

Let's blast it.

WILMA

All right, Al, coordinate.

PILOT AL

All ships ready to fire.

WILMA

Just let me check the line beam  
tracker.

Wilma flips on her line beam tracker. Nothing.

INT. ARDALA'S SHIP - BUCK

is risking electrocution to hook the line beam to some live  
wires he's uncovered. He manages to connect it. The line  
beam lights up.

INT. WILMA'S SHIP

PILOT AL'S VOICE

All right, fire on three. One...two....
